ASPIRING SOFTWARE ENGINEER

+251900880562
diborataye7@gmail.com

Enthusiastic and driven third-year software engineering student with a strong foundation in programming languages such as Java and Python. Passionate about developing innovative software solutions and eager to apply theoretical knowledge to real-world challenges. Proven ability to work collaboratively in team settings, with a keen interest in software development and problem-solving. Seeking opportunities to further enhance technical skills and gain practical experience in the technology sector.

Skills

Technical skill

- Programming Languages: java, python
- Web Development: HTML, CSS, JavaScript
- Algorithms and Data Structures: Basic knowledge and application
- Development Tools: Experience with IDEs like Visual Studio Code, Eclipse, or IntelliJ IDEA

Soft skill

- Team Collaboration: Experience working effectively in group projects
- Adaptability: Willingness to learn new technologies and adjust to changing environments
- Time Management: Ability to prioritize tasks and meet deadlines

Education

BACHELOR OF SOFTWARE ENGINEERING STUDENT
Addis Ababa University | 2022-2027

Projects

Deliver Addis Database System

- Collaborated with my group members to develop a detailed database design for a delivery company, focusing on data optimization.

Banking System

- Worked alongside fellow students to create a fully functional e-banking system, which received positive reviews for its intuitive interface and effective design.

Extracurricular Activities

cybersecurity club member

As a member of the Cybersecurity Club, I engage with peers to enhance our knowledge and skills in cybersecurity.
